

Thank you for purchasing:

CS1F

Desktop Stand for
Softube Console 1 and Fader

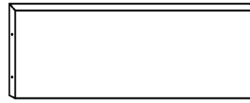

PARTS LIST

A: Vertical Panel (Left)

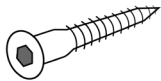

B: Vertical Panel (Right)

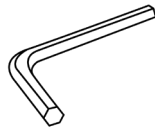

C: Bottom Shelf

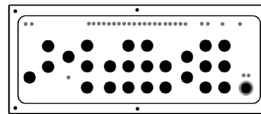

D: Top Shelf

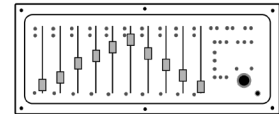

E: Allen Screw (x8)

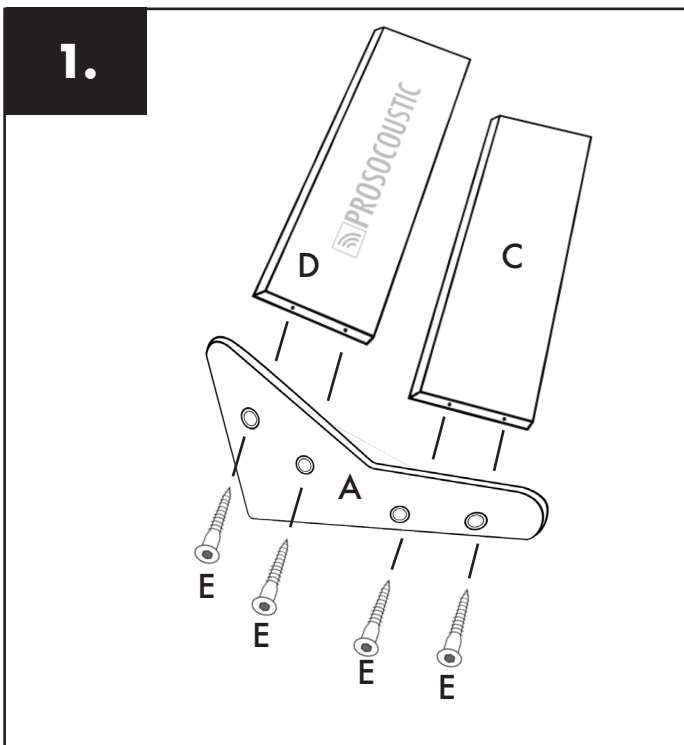

F: Allen Wrench
(DO NOT USE POWER TOOLS)

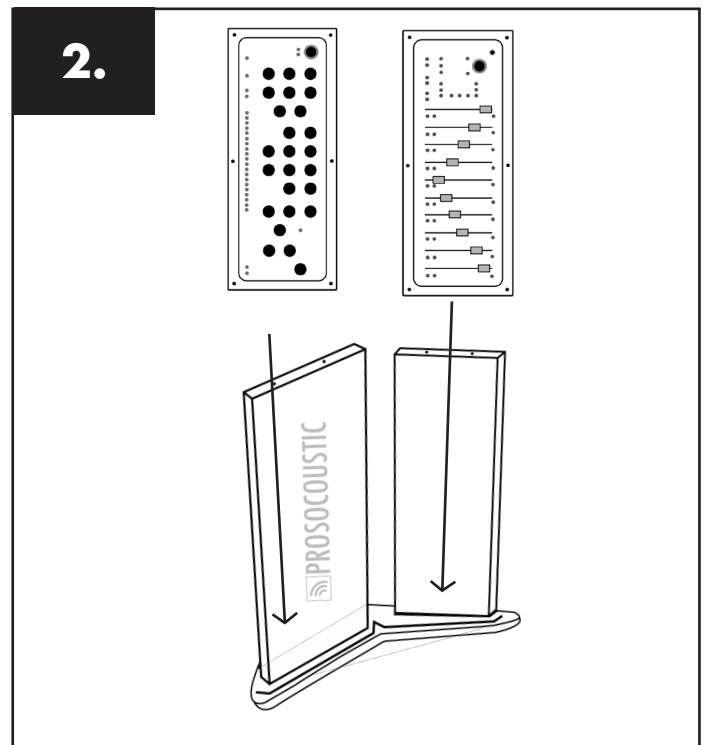

Softube Console 1
(Sold Separately)

Softube Console 1 Fader
(Sold Separately)

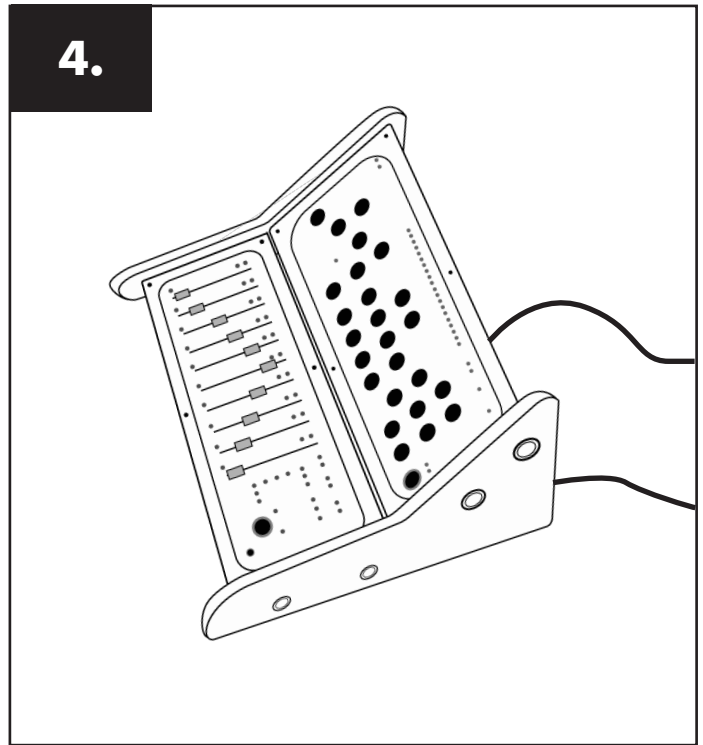

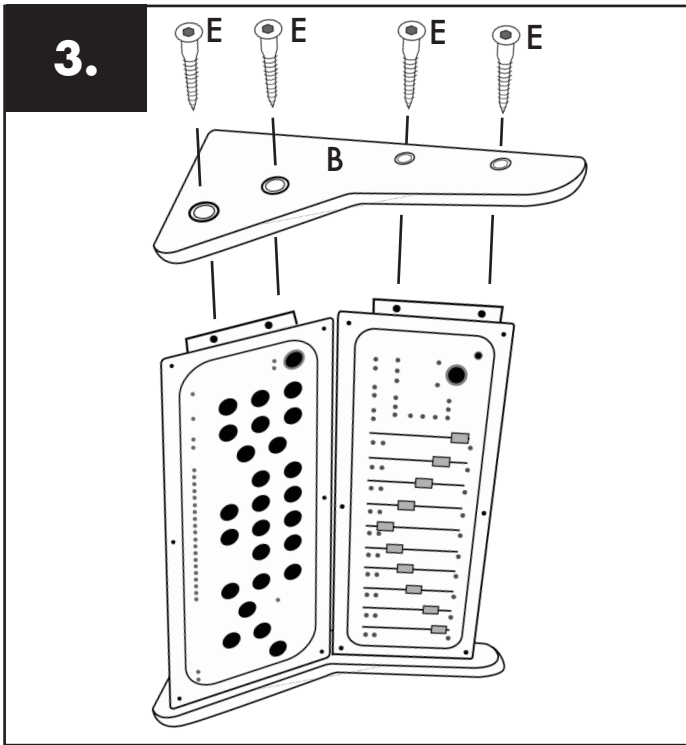

- 1a. Attach Vertical Panel Left (A) to Bottom Shelf (C) using x2 Allen Screws (E)
- 1b. Attach Vertical Panel Left (A) to Top Shelf (D) using x2 Allen Screws (E)

2. Lay Vertical Panel Left (A) flat on a sturdy surface with the shelves facing up. Insert your Console 1 Fader into the bottom slot, and your Console 1 into the top slot.

Make sure to hold your Console 1 and Fader in place to ensure they don't fall.

The rubber feet on the bottom of the Console 1 and Fader may need to be removed for the best fit.

3a. Place Vertical Panel Right (B) on top, inserting Console 1 and Fader into the slots.

3b. Squeeze shelves (C and D) tightly into the Console 1 and Fader until screw holes are visible through Vertical Panel Right (B)

3c. Attach Vertical Panel Right (B) to shelves (C and D) with x4 Allen Screws (E)

4. Turn right-side-up, plug in your Console 1 and Fader, and enjoy!
